

2nd EFIBCA Dinner Reception - *interpack* “kick-off” for FIBC Community

Bad Homburg, 28 February 2017 – The European Flexible Intermediate Bulk Container Association (EFIBCA) will hold its second Dinner Reception on 03rd May 2017 at the Hyatt Regency Hotel in Düsseldorf, Germany. Everyone with an interest in FIBC is welcome to attend this networking event on the eve of the world’s largest packaging trade fair, *interpack*, in the same city.

For those familiar with EFIBCA, the social event is a chance to reconnect, and for those new to the scene, it is a perfect setting to learn more and meet representatives from across the supply chain. In 2014, over 70 delegates capitalized on the opportunity to meet and establish new business contacts.

“Representatives from all aspects of the FIBC industry, and all over the world, converge in one place for the *interpack*. The Dinner Reception is the unofficial kick-off of the FIBC community before the trade fair,” says EFIBCA General Secretary Dr Isabell Schmidt. Those interested in learning more about Europe’s FIBC association and its mission can also visit EFIBCA at the *interpack* between 4th and 10th May, 2017 at the IK booth in Hall 10/E22.

The evening will begin with a cocktail reception at 18:00 followed by greetings from the EFIBCA President Roelof Veld and EFIBCA General Secretary Dr Isabell Schmidt. Guest speaker Johann Hofmann will present on the topic of “Industry 4.0”.

The registration charge is € 119 per person for non-members and € 59 per person for EFIBCA members. Included in the charge are a buffet dinner, drinks, and one Day Ticket to the *interpack* trade fair.

More information and the registration form are available online at www.efibca.com. The registration deadline is 14. April 2017.

About EFIBCA:

Founded in 1983, the European Flexible Intermediate Bulk Container Association (EFIBCA) represents the interests of FIBC manufacturers, distributors and material suppliers towards authorities, regulatory bodies, the public and other institutions connected with the FIBC business. EFIBCA offers members a platform for exchange and cooperation on quality, safety and regulatory issues and provides guidance for the FIBC user.
